On October 30, 1990, Wildewood Utilities, Inc. (the Company) filed a request with the Public Service Commission of South Carolina (the Commission) for an extension of time until November 9, 1990, to complete an updated service area map to be filed with the Commission.

In Order No. 90-868, dated September 27, 1990, in the above-captioned docket, the Commission directed that the Company update its service area map within thirty (30) days of the date of the Order. The request for an extension is based upon the fact that additional time is needed for the president of the Company to review the legend information and accuracy of the proposed subdivision map.

The Commission finds that the request for an extension should be granted.
